

Amendments to the Specification:

Please replace the paragraph beginning on page 20, line 13, with the following rewritten paragraph:

As shown in Fig. 15(A) (plan view) and Fig. 15(B) (front view), the detector 200 of the present invention may be mounted on fixing means 202 such as a tripod and a pole, and used as a wide-directivity gamma ray monitoring post 204 to be installed in numbers around nuclear facilities 210. It may also be used as a wide-directivity gamma ray survey meter.
